

VFW NATIONAL HOME

Promotional for December

Hello to All, not many got to see the leaves fall as Winter has hit many of us quicker than we all thought for those who are still enjoying the fall season enjoy the colors nature must give us.

It looks like of things have been happening at National Home so I thought I'd share. All those that are interested in finding out more or wanna stay in the now join the Facebook page District10-VFW National Home or join the 100 Birthday Celebration group at VFW National Home 100 Birthday Celebration 2025.

National Home is asking that our Dept. Consider purchasing a brick on behalf of the Dept. something maybe we can consider. For those that have a brick you can go to NH website and to the tab that has bricks, Hit control F and search by name.

There are 34 occupied, 82 children and 51 parents, which all transitioned to the Red, White and Blue program when they transition each family works with a case manager, children are given opportunities for recreational programs, learning opportunities and holiday celebrations and field trips. The support that National Home gives enables them to build a solid foundation for growth, stability and a better future.

The welcome Center is under construction and coming along nicely. Projects in the works are guest Lodge, H&E building, and administration building all have projects underway. And as they are done, they will keep us updated.

Thanksgiving and Christmas are just around the corner so please get on Amazon prime and check out the needs list for National Home and give from your heart.

Again, Happy Holidays from my family to yours.

Barbara Santillanes

Dept. of NM National Home Chair
