### February Promotional 2026

Do you ever get that feeling of wondering why your members don't show up to the meetings, events, or parties? Maybe since it is early in the new year, we need to take a look at the Healthy Auxiliary Toolkit and check what we can use to get out Auxiliary inspired.

Have you created a phone-Text Tree? There is one located in MALTA, but it is super easy to speak with your officers and members that attend the meeting and ask if they are willing to call or text other members to remind them to attend.

What about the Auxiliary To-Dos and Deadlines, also available in MALTA. This form explains the deadlines for all materials that the Auxiliary is required to use/turn in.

Ask your member to fill out the Auxiliary Member Questionnaire anonymously. Use this to gather how your members are feeling about the organization and then brainstorm ideas with your Auxiliary on ways to help active members and passive members.

Thank you

Don't forget to download the National Program awards for Extension and Revitalization. Fill them out and send them to me before March 31st.
