

Hope everyone had a great Veterans Day and Thanksgiving, loved seeing all the pictures that were posted and seeing each Auxiliary getting out into their community. Thank you everyone!

Want to give a shout out to Auxiliary 3370 Historian/ Media Relations Chairman Michelle Dennisson for the latest Reels she has posted and shared. Excellent job keep up the good work! If anyone needs help with Reels reach out to Michelle.

Is anyone working on their Auxiliaries history? Remember history is documented for not just the members to show what they did and look back on in a few years but for the future generations that will be continuing each Auxiliary, District and Department. National posts historical photos all the time and everyone loves to see them, hopefully that can happen in this department in the future.

Next month National President Lois makes her national visit on January 11-13, 2026. I will need everyone's help to take pictures while she's here, I will need to create a slide show of her visit. Any pictures with captions would be very helpful. Please text or email them to me.

If anyone submitted any reports, pictures or reels to Ms. Angela please re-send them to me so credit can be given. I have received some already- thank you to those who have reported and sent stuff in. Email- dcgarcia.1121@gmail.com

If you have any questions or need help, feel free to reach out, call, text or email.

Have a great holiday season, thank you for all you do.

Dominique C Garcia
