

Hospital Report for April 2026

Hello to all my VFWA members. With just a few months left in the 20-25 year, I sincerely hope this year has been positive for you. Whether you have already completed your goals or are still working towards them, your dedication is appreciated. Working on the Hospital program, I hope, has been meaningful both for you and for the Veterans we support. As always, our work is ongoing and our responsibilities continue.

I encourage everyone to take the time to acknowledge the hard work of your Auxiliary. Please remember to submit a special award form so we can recognize those who have gone above and beyond in their efforts. Let's ensure that the individuals who dedicate so much receive the appreciation they deserve.

Our work as Volunteers is invaluable to Veterans in hospitals, institutions, and at home. We have a mission to promote patriotism, equal rights, and justice while supporting those who serve our country. Every action we take for Veterans honors their sacrifices for our freedom.

I look forward to ALL the reporting and please don't forget pictures as they say a "picture tells a story"!!!!!!

For God and Country
