

Membership!

Congratulations Department of New Mexico for making it to 100.52%

Thank you to each and every member that has pushed membership and making this happen.

Just because we reached 100% doesn't mean membership stops, this is a program that is non stop so keep recruiting and retaining members. Don't forget if it's a new member to let them know that July 1 they will need to pay their dues again for the new year. Also, with that please don't hold any membership till the new year, continue to submit new members to our department treasurer.

We have 11 auxiliaries at 100% and above- great job!

We have 10 auxiliaries at 90% and above- great job!

I had asked before Mid-Winter members to submit names of comrades that have recruited Auxiliary members that way we could recognize them- no names were submitted. If any of your comrades have recruited auxiliary members please submit their names and how many they recruited to me by May 15th.

Thank you again for all the hard work, effort and dedication to your auxiliaries, the department, and most of all our veterans.

Thank you,
Dominique C Garcia
Department Membership Chairman
