

Membership

March is here already!

We are at 98.74% we need about 48 members to be 100%, I know we can do it!

Membership as I say is the program that never stops, it is the one that continues everyday. Keep reaching out to annual members to pay their dues, keep recruiting members. Remember as we get closer to June please don't hold new members, still vote on them and get them sent in- but always remember to tell potential members that if they join as an annual member, they will have to pay their dues again come July 1.

Reminder:

The new application is out and is the only application that will be accepted. Please explain to members using the credit card, how that process works so they know to keep an eye to for the payment instructions.

Deadline:

May 15th- please submit to me names of any comrades that recruited any auxiliary members, I would like to honor them at department convention.

There is a form on MALTA- member resources- membership- VFW Member Recruiter Form 2025-2026. You can fill it out and send it into National- they will receive a Recruiter pin and entered into a drawing. This is for VFW members who recruited 5 and/or 20 members- new or rejoined.

There is no Award for Auxiliaries for membership but if you did something unique for membership please share with me. Everyone has worked so hard on membership, so thank you!

If you guys need anything please reach out and let me know. Keep recruiting and retaining members. Lets get the department to 100%.
