### YOUTH ACTIVITIES

Oh MY, it's August about time for school to be starting this year 24-25. Did you know that children and teachers could use some help? Like there school supplies pens, pencils, glue, crayons, scissors, tissues etc., the teachers could also use stuff for classroom decorations, stickers. You can always ask them what they need. Books for the classroom to read to the children would be great especially Patriotism books. See if you could even do volunteer in the classroom too.

With school stating up especially with Jr High and High School there is going to be clubs like choir, band, football, basketball, ROTC and more, talk to them and see how you can help, let them know that your VFW Auxiliary could use help volunteer dishes, serving dinner and more. Helping each other team work.

With the school explain to them what organization you are with and what we do for our VETERANS of FORGEIN WAR AUXILLARY.

If you have any questions please text/call or email me.

Happy 🍷 August Month !
